

## When you need it most, turn to who cares most.

**Charity Care.** We want our patients to receive the medical care they need regardless of their financial status. Therefore, to further the hospital's mission, Garden City Hospital is proud to offer our Charity Care Program for those who qualify.

Our Charity Care Program gives prorated discounts to qualified uninsured and underinsured patients who are not eligible for medical assistance through the state or country health insurance programs, and who are within 350% of the national poverty guidelines.

Patients may be eligible for Charity Care if they have no insurance or have high co-pays/ deductibles associated with their insurance. Medicare patients without secondary insurance may also be eligible for the Charity Care Program.

To find out if you qualify, call 734-458-4654

## Community Assistance Pricing (CAP)

Department	Description	CAP Price
Emergency Room	ER Visit (includes ER physician fee and radiologist fee)	\$350

Garden City is contracted with a Medicaid Advocate Agency. This is a free service provided to our patients. Working with the hospital can help uninsured patients who may not know if they qualify for benefits, apply for Medicaid to help cover medical expenses.

For more information, please call 734-458-4654.

**Garden City Hospital** is there for you in your time of need.

### Community Assistance Pricing (CAP) Program

Today, health care is more expensive than ever, making it tougher for you to stay healthy. At Garden City Hospital, we don't want you to sacrifice your wellness because you are worried about the bills.

That's why we have a reduced pricing program for those who do not have insurance. Garden City Hospital believes the easier it is for you to pay for services, the better you can maintain good health.

With our Community Assistance Pricing Program, you don't have to choose between your family's health and your budget. Now, you can have both!

If you do not have medical insurance, you may qualify for a discount on many medical services and procedures. There are two ways to participate in the CAP program:

1. Pay in advance of your appointment
2. Pay at the time services are provided

### “CAP” Your Emergency Room (ER) Visit

The last thing you need to worry about when arriving for emergency medical care is how much it will cost.

When you pay the same day you are treated, we “CAP” your ER charge at \$350 – no matter what tests, procedures or emergency services you receive during the visit, thus saving you hundreds of dollars.

For your convenience, Garden City Hospital accepts most debit and credit cards, checks and cash.
